RE: Rent Estimate – 1 Scott Close, Lockyer WA 6330

Thank you for allowing Wellington & Reeves the opportunity to provide a rental estimate for the above property.

The property has many features to prospective tenants which include:

- Well maintained house located in a cul-de-sac, with 3 carpeted bedrooms, separate lounge room, open plan living/kitchen/meals and a fully enclosed yard.
- Split system air conditioning to front lounge room and wood heater centrally located in the home.
- Large double roller door garage, two garden sheds and tiered gardens in the rear.

The property is currently being rented out at \$440.00 per week. However, taking the above information into consideration and comparing this property and its features to other homes on the current rental market, we feel you could expect to achieve a rent range of \$600.00 - \$650.00 per week if the property was to be re-tenanted.

Depending on the time of the year and the demand for rental properties this will also affect where it sits in this rent range with summer being the busier time of the year.

We know it is important to obtain the maximum possible rental price and will work hard to achieve this for you.

All residential tenancy properties must meet minimum standards for security, blind cords and RCD & Smoke Alarms prior to a lease being signed. As part of the services that Wellington & Reeves provide to our landlords, we would be happy to assist you in ensuring your property meets these requirements.

If you have any further queries regarding any of this information or any other real estate issue, please feel free to call me on 9841 1455.

Wellington & Reeves

Property Interest Report

1 Scott Close, Lockyer 6330

landgate.wa.gov.au

1.

Property information

This section includes an aerial photograph and details of this property.

2.

Summary of interests that **AFFECT** this property

This section helps you to see at a glance interests pertaining to this property.

3.

Summary of interests that **DO NOT AFFECT** this property

This section helps you to see at a glance interests that do not affect this property.

4.

Details of interests that **AFFECT** this property

This section provides details of how an interest specifically relates to this property.

What is a property interest?

A property interest gives rights to a land owner but also, could imply restrictions or impose responsibilities which may impact on their use or enjoyment of the land. Most interests are created by government legislation, policies and guidelines.

Where does property interest information come from?

This service gathers interest information from multiple government bodies and private organisations in Western Australia and consolidates that information into the Property Interest Report. This report will show interests that do and do not affect the property.

Does this report include all interests?

This Property Interest Report only serves as a guide to interests that relate to this property not recorded on the Certificate of Title.

Landgate does not have access to all interest information that affects property in Western Australia. There may be other interests that relate to the property, where that information is currently not available to Landgate. For information on other known interests not in this report, see

<https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

Are interests on the Certificate of Title in this report?

No, this report does not include interest information registered on the Certificate of Title. Limitations, Interests, Encumbrances and Notifications may be registered on the Certificate of Title under Second Schedule Endorsements.

It is recommended that a copy of the Certificate of Title is obtained to identify any registered interests and/or information. Visit [landgate.wa.gov.au](https://www.landgate.wa.gov.au) to order a copy of the Certificate of Title.

How do I find out more information?

For further information about interests including information, contact details and relevant legislation on any interests in this report, see

<https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

If you have any queries or concerns, please contact the responsible agency of the interest in question, contact details can be found in this report or the interest dictionary.

Notice

This Property Interest Report has been produced by Landgate on behalf of the State of Western Australia. This report has direct access to property interest information held by multiple government bodies and private organisations in Western Australia.

This report is believed to be accurate and current at the time it was generated. However, circumstances and interests may change and can differ from the contents of this report. You must make your own assessment of it and rely on it at your own risk. Please see the full Disclaimer at the end of this report for further details.

Please note: Where risk has been identified to a property within this report and construction has occurred on the land, contact your relevant Local Government Authority for management remediation plans relevant to your property, or for properties being purchased off the plan, contact your developer.

Building and Construction Industry Training Levy

Responsible agency:

Construction Training Fund Board

Definition of Interest:

The Building and Construction Industry Training Levy is used to support training for people working within the building and construction industry, and is payable prior to the commencement of a project or upon application for a building license.

Affect of Interest:

The levy of 0.2% on the contract price is **applied to all** residential, commercial and civil engineering projects undertaken in Western Australia where the total value of construction is over \$20,000. The project owner pays the levy when an application for a building permit is made to the Local Government Authority.

For more information contact our office on (08) 9244 0100 or see www.bcitf.org.

Legislation governing the interest:

[Building and Construction Industry Training Fund and Levy Collection Act 1990](#)
[Building and Construction Industry Training Levy Act 1990](#)

Building Permit

Responsible agency:

Department of Energy, Mines, Industry Regulation and Safety

Definition of Interest:

Generally, before any building work can be carried out a building permit must be in effect.

Affect of Interest:

A building permit application will be required to be submitted to the relevant local government if the proposal includes the construction, renovation, alteration or improvement of a building.

For information on applying for a building permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Legislation governing the interest:

[Building Regulations 2012](#)

Bush Fire Prone Areas

Responsible agency:

Department of Fire and Emergency Services

Definition of Interest:

A bush fire prone area is an area that is subject to, or likely to be subject to, a bushfire attack. Additionally planning and building requirements may apply to developments within areas designated as bush fire prone by the Fire and Emergency Services Commissioner. A further assessment of bushfire risk may also be required under the Planning and Development (local Planning Schemes) Regulations 2015, State Planning Policy 3.7 Bushfire and the Building Code of Australia.

Affect of Interest:

The selected property **is identified** as being fully or partially within a designated bush fire prone area. Additional planning and building requirements may apply, in accordance with Schedule 2 Part 10A of the Planning and Development (Local Planning Schemes) Regulations 2015, State Planning Policy 3.7 Planning in Bushfire Prone Areas and the Building Code of Australia.

Details are as follows:

4. Details of interests that **AFFECT** this property

Bush Fire Prone Areas:

Designation - Bush Fire Prone Area (additional planning and building requirements may apply to development on this site)

DesignationDate - 13/12/25 (since 08/12/15)

LGA - ALBANY

Comments - This site has been in a designated bush fire prone area for longer than four months. Additional planning and building requirements may apply to development on this site.

A Bushfire Attack Level (BAL) assessment or BAL Contour Map may be required in certain circumstances under Part 10A of the Planning and Development (Local Planning Schemes) Regulations 2015 if the site has been located in a bush fire prone area for a period of at least four months. Development approval must be obtained in areas with a BAL rating of BAL-40 or BAL-Flame Zone (FZ) before commencing any development, including instances where development approval would not normally be required. A bushfire management plan may also be required.

Bushfire construction requirements set out in the Building Code of Australia apply to certain buildings in designated bush fire prone areas if the site has been located in a bush fire prone area for a period of at least four months. A further assessment of bushfire risk, such as a BAL assessment, will assist in determining the appropriate level of bushfire resistant construction that should be incorporated into the building. In general a building permit is required before undertaking most new building work.

Certain exemptions and exclusions may apply.

Local governments may also have locally specific planning or building requirements.

For specific requirements contact the planning or building section of your local government.

For further information about the Planning and Development (Local Planning Schemes) Regulations 2015, State Planning Policy 3.7 Bushfire or the associated Guidelines, contact the Department of Planning Bushfire Policy Officer at bushfire@dplh.wa.gov.au or on (08) 6551 9000.

For general information regarding the Building Code of Australia and requirements for bush fire prone areas, contact the Department of Energy, Mines, Industry Regulation and Safety - Building and Energy Division at be.info@demirs.wa.gov.au or on 1300 489 099.

If the property has a notification on the title stating that the land is within a designated bushfire prone area, and the Map of Bushfire Prone Areas confirms that the land is **no longer** designated as bushfire prone, the notification on the title may be removed by lodging the Removal of Notification e-form under section 70A of the

Regulation and Safety

Definition of Interest:

Generally, a demolition permit is required for the demolition, dismantling or removal of a building or incidental structure or to do one or more stages of demolition work.

Affect of Interest:

A demolition permit application will be required to be submitted to the relevant local government.

A person named as a demolition contractor on a demolition permit may be required to be appropriately licensed by WorkSafe to carry out demolition work, as well as an asbestos removal licence. The licence from WorkSafe is in addition to the requirement for a demolition permit.

For information on applying for a demolition permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

be applied to the Gross Rental Value (GRV) of a property to calculate the ESL charge each year (subject to minimum and maximum ESL charge declarations). ESL category classification boundaries are managed by the DFES based upon cadastral information.

Affect of Interest:

The selected property **currently has** the following Emergency Services Levy category classification:

Emergency Service Levy Boundaries:

ESL Category - 2

ESL Boundary - Albany

ESL Calculation - In 2026-27 Category 2 properties pay \$0.008275 x the Gross Rental Value (GRV) subject to a minimum \$113 charge & a maximum charge of \$420 for vacant, residential & farming usages; and \$240,000 for commercial, industrial & miscellaneous usages
The ESL category classifications:

Category 1: Availability of a network of career Fire & Rescue Service stations and the State Emergency Service (SES).
Applies in the Perth metropolitan area.

Category 2: Availability of a career Fire & Rescue station and a volunteer Fire & Rescue Service brigade and the SES.
Applies in the city centres of Albany, Bunbury, Greater-Geraldton, Kalgoorlie-Boulder and Mandurah.

Category 3: Availability of a Volunteer Fire & Rescue Service brigade or bush fire brigade with frequent support from the metropolitan network of career Fire & Rescue Service stations and the SES.
Applies in the periphery of the metropolitan area.

Category 4: Availability of a Volunteer Fire & Rescue Service brigade or a Volunteer Emergency Service Unit or a breathing apparatus equipped bush fire brigade and the SES.
Applies in approximately 90 country townsites.

Category 5: Availability of a bush fire brigade and the SES.
Applies in all other areas of the State except Indian Ocean Territories.

Please note the following properties are exempt from ESL (by Regulation):

- Vacant land owned by Local Governments;
- Certain Mining Tenements granted for prospecting/exploratory activities only; and
- The Wittenoom town site (a contaminated site);

Use the Emergency Services Levy calculator below to work out how much ESL you are likely to pay on a property, see

Groundwater Salinity

Responsible agency:

Department of Water and Environmental Regulation

Definition of Interest:

The salinity in groundwater varies greatly in Western Australia. This depends on many factors such as geology, topography, climate and coastal seawater intrusion. The Department of Water and Environmental Regulation (DWER) categorises the groundwater salinity according to the salt content and its application for public drinking, irrigation, stock water etc.

Affect of Interest:

The salinity in groundwater in Western Australia varies considerably. This depends on many factors such as geology, topography, climate and coastal seawater intrusion.

Due to the fluid nature of ground conditions it is only possible to report on a indicative reading for the groundwater salinity that exists at this location.

If the groundwater salinity at this location is important then you should contact the closest regional office for advice on this subject.

Groundwater Salinity:

TDS per milligram per litre - 500-1000

Salinity is the measure of total dissolved solids (TDS) or salts in water and is reported as milligrams per litre (mg/L).

The range of salinity of natural water is:

Category	Salinity range
Fresh	0-500 mg/L TDS (suitable for selected agricultural use)
Marginal	500-1000 mg/L TDS (suitable for selected agricultural use)
Brackish	1000-3000 mg/L TDS (used for parkland irrigation)
Saline	3000-35,000 mg/L TDS (industrial use and stock watering up to 10,000mg/L)
Hypersaline	>35,000 mg/L TDS

To verify the groundwater salinity at a particular location contact our office on (08) 6364 7600 or waterinfo@water.wa.gov.au, or see www.water.wa.gov.au/water-topics/groundwater.

Legislation governing the interest:

The Department of Water advises against drilling garden bores in areas underlain by the saltwater interface. There is no legislative basis or implications for this advice.

Land Tax

Responsible agency:

Department of Finance

Definition of Interest:

Land tax is an annual tax based on the ownership and usage of land at midnight on 30 June and is levied in respect of the financial year following that date. Various exemptions or concessions may apply. Until land tax is paid it remains a first charge on the land.

Affect of Interest:

Land tax is an annual tax based on the ownership and usage of land at midnight on 30 June and is levied in respect of the financial year following that date. Various exemptions or concessions may apply; for example, primary residences.

Mosquito-borne Disease Risk

Responsible agency:

Definition of Interest:

Mosquitoes can be a serious nuisance in certain regions of Western Australia and can spread disease-causing viruses such as Ross River, Barmah Forest, Kunjin and Murray Valley encephalitis viruses.

4. Details of interests that **AFFECT** this property

13

Department of Health

Affect of Interest:

The selected area **is impacted** by the risk of mosquito-borne diseases.

Details are as follows:

Mosquito-borne Disease Risk:

Risk Level - Low or unknown risk

Frequent high risk

The selected area is in a region that frequently experiences problems with nuisance and disease carrying mosquitoes.

Occasional very high risk

The selected area is in a region that experiences severe problems with nuisance and disease carrying mosquitoes in some years, depending on environmental conditions.

Frequent high and occasional very high risk

The selected area is in a region that frequently experiences problems with nuisance and disease carrying mosquitoes, and severe issues are also experienced in some years depending on environmental conditions.

Low or unknown risk

This location has not experienced high rates of mosquito-borne disease in the past. However, the sporadic nature of mosquito-borne disease outbreaks means that this not necessarily a precise indicator of future risk. Furthermore, regions with low or no resident human population may also be classified as low risk even though there may be an undocumented high risk in the area. Finally, significant mosquito nuisance issues may still be experienced, despite a low health risk.

Residents are advised to avoid exposure to mosquitoes and minimise mosquito breeding around the home as appropriate, particularly following extreme weather events such as heavy rainfall, high tides (in coastal areas) or localised flooding that may create abnormally large areas of mosquito breeding habitat.

For information on mosquito control in your local area or to report a mosquito problem please contact your Local Government Environmental Health Officer.

For more information about mosquito management, contact the Environmental Health Directorate on (08) 9388 4999 or email medical.entomology@health.wa.gov.au or see http://ww2.health.wa.gov.au/Articles/J_M/Mosquito-management.

Native Title and Indigenous Land Use Agreements

Responsible agency:

National Native Title Tribunal

Definition of Interest:

Native title is the recognition in Australian law that some Indigenous people continue to hold rights to lands and waters. An Indigenous Land Use Agreement (ILUA) is an agreement about native title made between one or more native title groups and other people.

Affect of Interest:

Your area of interest **is within** the geographic extent(s) of the following Native Title Applications, Determinations or Indigenous Land Use Agreements (ILUAs):

IMPORTANT INFORMATION: PLEASE NOTE

4. Details of interests that **AFFECT** this property

14

WHILE NATIVE TITLE INTERESTS MAY HAVE BEEN IDENTIFIED OVER THE AREA OF YOUR SEARCH, IT MUST BE NOTED THAT:

Native Title cannot generally exist over the following types of tenure:

- residential freehold;
- farms held in freehold or;
- pastoral or agricultural leases that grant exclusive possession;
- residential, commercial or community purpose leases, or
- public works like roads, schools or hospitals.

Native Title can generally only exist over the following types of tenure:

- vacant (unallocated) crown land;
- some state forests, national parks and public reserves depending on the effect of state or territory legislation establishing those parks and reserves;
- oceans, seas, reefs, lakes and inland waters;
- some leases, such as non-exclusive pastoral and agricultural leases, depending on the state or territory legislation they were issued under, or
- some land held by or for Aboriginal people or Torres Strait Islanders.

The status of a Native Title Application will determine the rights and restrictions within the boundary of that Application.

Occupancy Permit

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

The building approvals process in Western Australia is legislated under *The Building Act 2011* from the design stage right through to occupation of a building.

Affect of Interest:

Occupancy Permits are required in order to occupy multi-residential, commercial and public buildings.

For information about building work that requires an occupancy permit contact a Building Surveyor ([refer to list of registered building surveyors](#)) For information about applying for an occupancy permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Residual Current Device

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

Residual Current Devices (RCDs) monitor the flow of electricity from the main switchboard and prevent electrocution by cutting the electricity supply if an imbalance in the current is detected. At least two RCDs must be fitted before land title is transferred.

Affect of Interest:

All home sellers and landlords must ensure that RCDs are installed in accordance with the Electricity Regulations to protect all power points and lighting circuits. RCDs cut the electricity supply instantly if a person touches a live part and receives a shock. By installing two or more RCDs, the property's circuits can be divided evenly between them, ensuring some light and power remains if one RCD operates. Multiple RCDs also avoid nuisance operation caused by appliances with low-level leakage currents. All properties constructed after 2000 should already have two RCDs fitted. Two RCDs must be fitted to protect all power points and lighting circuits in all homes before the land title is transferred. If you are planning to sell your home and it does not already have two RCDs protecting all power point and lighting circuits, you will need to engage a licensed electrical contractor to install them to comply with the Electricity Regulations.

Landlords must ensure RCDs are installed in accordance with the Electricity Regulations. If RCDs are not fitted, tenants should contact the managing agent or landlord and request that RCDs be installed as required.

Smoke Alarm

Responsible agency:

Definition of Interest:

Department of Energy, Mines, Industry Regulation and Safety	The Building Code of Australia requires mains powered smoke alarms to be fitted in all newly constructed residential buildings and in new building work, such as alterations and extensions (where smoke alarms are required) in accordance with the building permit. For existing dwellings, there are laws in Western Australia requiring owners to have mains-powered smoke alarms fitted to all residential properties that are subject to transfer of ownership, rent and hire, regardless of when they were built. Affect of Interest: The Building Regulations 2012 in Western Australia requires owners to have mains-powered smoke alarms fitted to all dwellings that are subject to transfer of ownership, rent and hire, regardless of when they were built. The smoke alarms must: • be installed in the dwelling in accordance with the Building Code of Australia applicable at the time of installation of the alarms; • be not more than 10 years old and have not passed their expiry date; • be in working order; and • be permanently connected to the mains power supply. Owners may be fined up to \$5,000 for non-compliance. Refer to Smoke alarms in dwellings for sale, rent or hire fact sheet or Contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au. Sprinkler Restrictions & Bans	Definition of Interest: Sprinkler restrictions and/or bans apply throughout Western Australia for scheme water users and domestic garden bores. Affect of Interest: The selected property is identified as being fully or partially within in an area designated to have sprinkler restrictions.
Responsible agency:	Department of Water and Environmental Regulation
	Details are as follows: Sprinkler Restrictions: Region - South-West Winter Restrictions - Stage 6 Summer Restrictions - Stage 4 Sprinkler restrictions and or bans apply to this area. Due to the drying climate, the State Government introduced water efficiency measures, including the introduction of restrictions on domestic sprinklers. These restrictions include permanent efficiency measures, an annual winter sprinkler ban that applies to domestic sprinkler use and some non-domestic use, and can also include extra efficiency measures and restrictions from time to time such as extensions of the winter sprinkler ban period or other restrictions. Restriction stages are detailed in the Water Agencies (Water Use) By-laws 2010. www.legislation.wa.gov.au/legislation/statutes.nsf/main_mrtile_11731_homepage.html

State Planning Policy 5.4 - Road and Rail Noise

Responsible agency:

Department of Planning,
Lands and Heritage

Definition of Interest:

Land within the vicinity of the States freight and major traffic routes may be exposed to excessive levels of noise which can affect the health and amenity of nearby communities.

Affect of Interest:

The selected land **is within** the trigger distance of freight and or major traffic route and maybe be exposed to excessive noise. Restrictions on development, may apply to this property. You are required to refer to State Planning Policy 5.4 Road and rail noise to determine if the land is affected and to what extent.

SPP5.4

Policy Title - SPP 5.4 Road and Rail Noise

Description - Strategic freight and/or major traffic route

State Planning Policy (SPP) 5.4 - Road and Rail Noise (2019)

<https://www.dplh.wa.gov.au/draftspp5-4>

A key objective of SPP 5.4 is to minimise the adverse impact of road and rail noise on noise-sensitive land-use within the specified trigger distance of transport routes, whilst protecting future freight operations of these transport corridors.

Where any part of the lot is within the specified trigger distance, an assessment against the policy is required to determine the likely level of transport noise and management/ mitigation required. An initial screening assessment will determine if the lot is affected and to what extent. Refer to table 2 of the Guidelines.

Note: the mapped trigger distance includes a margin of error to account for the distance measured from within the carriageway as opposed to the carriageway edge as stipulated in the policy.

Swimming Pool

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

In Western Australia, private swimming and spa pools with water that is more than 300mm deep must have a compliant safety barrier.

Affect of Interest:

This includes above-ground, in-ground, and portable swimming and spa pools, but not spa baths which are typically located in a bathroom and drained after each use.

4. Details of interests that **AFFECT** this property

18

Safety barriers must comply with the technical requirements of the Building Regulations 2012, Building Code of Australia, and Australian Standard AS 1926.1. Building and Energy has produced "[Rules for Pools and Spas](#)", a guidance document on safety barrier requirements.

Generally, a building permit is required prior to the construction, erection, assembly, placement, renovation, alteration, extension, improvement or repair of a private swimming pool.

For information on safety barrier requirements, including exclusions and exemptions that may apply in limited circumstances, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.
