Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Only one comparable sale has been selected, as no other properties meeting the prescribed comparable sales criteria have sold within the required 6 month period and 2 kilometre radius. In determining comparable sales, consideration must be given to factors including property type, accommodation, standard of improvements, condition, location and overall similarity to the subject property. Following a review of all available sales evidence within the relevant area and timeframe, only one property was considered sufficiently comparable to the subject property. While other sales have occurred within the prescribed radius, they differ materially in key attributes and are therefore not considered appropriate comparable sales for the purposes of the Property Price Statement.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
