**Reason there are fewer than three comparable properties**

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only two comparable sales fell within the required search criteria- Ther was only 2 comparable properties that have sold in the last 6 months and 2km radius from the target property similar properties were considered however these are not the same configuration and smaller in land size and were deemed not comparable.

**Sale outcome**

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
