Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There are limited directly comparable sales available for the subject property due to its unique characteristics, including its six-bedroom configuration, high level of quality, and prime location. Properties offering a similar combination of size, accommodation, quality and location are relatively rare within the immediate vicinity. Accordingly, while there are sales that provide some market guidance, there are limited transactions that are directly comparable on a like-for-like basis.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
