Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

We have undertaken extensive research of comparable inner-city sales through RP Data and realestate.com.au. Despite this, we have been unable to identify a directly comparable property that truly reflects the calibre and uniqueness of this home. This miner's cottage is particularly difficult to compare due to its combination of substantial size, tightly held inner-city location, heritage character and exceptional renovation. The transformation has retained the charm and integrity of the original home while creating a contemporary residence that presents to an exceptionally high standard.

The renovation has been completed by a quality craftsman builder, resulting in a home that presents much like a brand-new residence, while still retaining its heritage appeal. Combined with the beautifully finished interiors, considered design and low-maintenance grounds, the property sits in a category of its own within the current inner-city market

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
