Collingwood Heights, WA, 6330

Dear

RE: Property Appraisal

Thank you for your invitation to appraise your property and provide you with a rental appraisal as to what your property may be worth in today's market.

We have based this appraisal on current rental market conditions as well as our extensive knowledge of the property market in the local area.

In the current rental market we believe a rental return of \$720pw to \$740pw is achievable.

Should you have any questions relating to the information contained with this document please feel free to contact me on the details below.

Thank you again for the opportunity to access your property and for considering the services of our office. I look forward to working with you soon.

Kind Regards

Honi Benson

Owner Builder Questions

☐	☒	53. (a) Was the residence or any alterations or additions to the residence done by an "owner-builder" within the seven (7) years preceding the proposed date of the contract to sell? (An owner builder is a person who is not a builder and has been issued a Local Authority building permit to build a building, or work, for themselves).
		(b) If the answer is "YES" then -
☐	☐	(i) has the "owner-builder" taken out a policy of insurance that complies with the Home Building Contracts Act 1991 as amended;
☐	☐	(ii) the "owner-builder" must give the buyer of the Property a valid Home Indemnity insurance certificate, that evidences the taking out of the policy for the remainder of the seven (7) year period from when the building permit was issued, prior to finalising any contract to sell or otherwise disposing of the Property.
		Do you have this certificate?

This section helps you to see at a glance interests pertaining to this property.
- 4. Details of interests that AFFECT this property**
This section provides details of how an interest specifically relates to this property.

What is a property interest?

A property interest gives rights to a land owner but also, could imply restrictions or impose responsibilities which may impact on their use or enjoyment of the land. Most interests are created by government legislation, policies and guidelines.

Where does property interest information come from?

This service gathers interest information from multiple government bodies and private organisations in Western Australia and consolidates that information into the Property Interest Report. This report will show interests that do and do not affect the property.

Does this report include all interests?

This Property Interest Report only serves as a guide to interests that relate to this property not recorded on the Certificate of Title.

Landgate does not have access to all interest information that affects property in Western Australia. There may be other interests that relate to the property, where that information is currently not available to Landgate. For information on other known interests not in this report, see <https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

Are interests on the Certificate of Title in this report?

No, this report does not include interest information registered on the Certificate of Title. Limitations, Interests, Encumbrances and Notifications may be registered on the Certificate of Title under Second Schedule Endorsements.

It is recommended that a copy of the Certificate of Title is obtained to identify any registered interests and/or information. Visit [landgate.wa.gov.au](https://www.landgate.wa.gov.au) to order a copy of the Certificate of Title.

How do I find out more information?

For further information about interests including information, contact details and relevant legislation on any interests in this report, see <https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

If you have any queries or concerns, please contact the responsible agency of the interest in question, contact details can be found in this report or the interest dictionary.

Notice

This Property Interest Report has been produced by Landgate on behalf of the State of Western Australia. This report has direct access to property interest information held by multiple government bodies and private organisations in Western Australia.

This report is believed to be accurate and current at the time it was generated. However, circumstances and interests may change and can differ from the contents of this report. You must make your own assessment of it and rely on it at your own risk. Please see the full Disclaimer at the end of this report for further details.

Please note: Where risk has been identified to a property within this report and construction has occurred on the land, contact your relevant Local Government Authority for management remediation plans relevant to your property, or for properties being purchased off the plan, contact your developer.

Interests below in alphabetical order specifically affect this property but do not appear on the Certificate of Title. For further information and Legislation details, see <https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

1 in 100 AEP

Floodplain Development Control Area

Responsible agency:

Department of Water and Environmental Regulation

Definition of Interest:

1 in 100 Annual Exceedance Probability (AEP) Floodplain Development Control Area delineates land that may be affected by the 1 in 100 AEP flooding and therefore subject to development control.

Affect of Interest:

This property **has been identified** as either being:

- within the 1 in 100 AEPI floodplain; or
- within 300 metres of the floodplain and may be affected by flooding during a 1 in 100 AEP flood.

Please note: Where risk has been identified to a property within this report and construction has occurred on the land, contact your relevant Local Government Authority for management remediation plans relevant to your property, or for properties being purchased off the plan, contact your developer.

1 in 100 AEP Floodplain Areas:

Floodplain Development Strategy Area - Yakamia Creek - Albany

Coverage - DoW - WRC 15264: Yakamia Creek Flood Study - Albany Townsite (December 2002) - Aquaterra Consulting Pty Ltd - Project No. 298/B1, LiDAR: Albany Town & Frenchmans Bay (20/12/2012) & State Planning Policy No.2.6 (30/07/2013) re: climate change

The Floodplain Development Strategy for the area recommends that proposed development that is located:

- outside of the floodway is considered acceptable with respect to major flooding, however, a minimum habitable floor level of 0.50 metre above the adjacent 1 in 100 AEP flood level is generally recommended;
- within the floodway and is considered obstructive to major river flooding is not acceptable.

There is a 1% chance of the 1 in 100 AEP flood level (or greater) occurring in any one year. Larger floods will occur but will be less frequent.

As some flood risk can be mitigated through appropriate building conditions imposed by Local Government, the relevant Local Government can be contacted to ascertain if the flood risk to this property has been mitigated.

The Department of Water and Environmental Regulation (DWER) can be contacted on (08) 6364 7600 or flood@water.wa.gov.au for further site specific flood information or see www.water.wa.gov.au.

Legislation governing the interest:

[Water Agency \(Powers\) Act 1984](#)

Building and Construction Industry Training Levy

Responsible agency:

Definition of Interest:

The Building and Construction Industry Training Levy is used to support training for people working within the building and construction industry, and is payable prior to the commencement of a project or upon application for a building license.

4. Details of interests that **AFFECT** this property

8

Construction Training
Fund Board

Affect of Interest:

The levy of 0.2% on the contract price is **applied to all** residential, commercial and civil engineering projects undertaken in Western Australia where the total value of construction is over \$20,000. The project owner pays the levy when an application for a building permit is made to the Local Government Authority.

For more information contact our office on (08) 9244 0100 or see www.bcitf.org.

Legislation governing the interest:

[Building and Construction Industry Training Fund and Levy Collection Act 1990](#)
[Building and Construction Industry Training Levy Act 1990](#)

Building Permit

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

Generally, before any building work can be carried out a building permit must be in effect.

Affect of Interest:

A building permit application will be required to be submitted to the relevant local government if the proposal includes the construction, renovation, alteration or improvement of a building.

For information on applying for a building permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)
[Building Regulations 2012](#)

Demolition Permit

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

Generally, a demolition permit is required for the demolition, dismantling or removal of a building or incidental structure or to do one or more stages of demolition work.

Affect of Interest:

A demolition permit application will be required to be submitted to the relevant local government.

A person named as a demolition contractor on a demolition permit may be required to be appropriately licensed by WorkSafe to carry out demolition work, as well as an asbestos removal licence. The licence from WorkSafe is in addition to the requirement for a demolition permit.

For information on applying for a demolition permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

For all licencing applications and enquiries please call 1300 424 091 or e-mail: wscallcentre@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)
[Building Regulations 2012](#)
[Work Health and Safety \(General\) Regulations 2022](#)

4. Details of interests that **AFFECT** this property

9

Dial Before You Dig

Responsible agency:

Dial Before You Dig

Definition of Interest:

Dial Before You Dig is a referral service for information on locating underground utilities anywhere in Western Australia. Australia's national referral service for information on underground pipes and cables.

Affect of Interest:

This will affect the property when ground disturbance works are planned, for further information or plans on location of underground utilities see www.1100.com.au or contact our office on 1100.

Legislation governing the interest:

[Occupational Health, Safety and Welfare Act 1984](#)

[Occupational Safety and Health Regulations 1996](#)

Emergency Services Levy

Responsible agency:

Department of Fire and Emergency Services

Definition of Interest:

The Emergency Service Levy (ESL) category classification of a property (declared by the Minister for Emergency Services) determines the ESL assessment rate that will be applied to the Gross Rental Value (GRV) of a property to calculate the ESL charge each year (subject to minimum and maximum ESL charge declarations). ESL category classification boundaries are managed by the DFES based upon cadastral information.

Affect of Interest:

The selected property **currently has** the following Emergency Services Levy category classification:

Emergency Service Levy Boundaries:

ESL Category - 2

ESL Boundary - Albany

ESL Calculation - In 2026-27 Category 2 properties pay \$0.008275 x the Gross Rental Value (GRV) subject to a minimum \$113 charge & a maximum charge of \$420 for vacant, residential & farming usages; and \$240,000 for commercial, industrial & miscellaneous usages

The ESL category classifications:

Category 1: Availability of a network of career Fire & Rescue Service stations and the State Emergency Service (SES).

Applies in the Perth metropolitan area.

Category 2: Availability of a career Fire & Rescue station and a volunteer Fire & Rescue Service brigade and the SES.

Applies in the city centres of Albany, Bunbury, Greater-Geraldton, Kalgoorlie-Boulder and Mandurah.

Category 3: Availability of a Volunteer Fire & Rescue Service brigade or bush fire brigade with frequent support from the metropolitan network of career Fire & Rescue Service stations and the SES.

Applies in the periphery of the metropolitan area.

Category 4: Availability of a Volunteer Fire & Rescue Service brigade or a Volunteer Emergency Service Unit or a breathing apparatus equipped bush fire brigade and the SES.

Applies in approximately 90 country townsites.

4. Details of interests that **AFFECT** this property

10

Category 5: Availability of a bush fire brigade and the SES.
Applies in all other areas of the State except Indian Ocean Territories.

Please note the following properties are exempt from ESL (by Regulation):

- Vacant land owned by Local Governments;
- Certain Mining Tenements granted for prospecting/exploratory activities only; and
- The Wittenoom town site (a contaminated site);

Use the Emergency Services Levy calculator below to work out how much ESL you are likely to pay on a property, see
www.dfes.wa.gov.au/emergencyserviceslevy/pages/eslcalculator.aspx.

For more information contact our office on (08) 9395 9485, or see
www.dfes.wa.gov.au.

Legislation governing the interest:

[Fire and Emergency Services Act 1998](#)

[Fire and Emergency Services Regulations 1998](#)

Groundwater Salinity

Responsible agency:

Department of Water and
Environmental Regulation

Definition of Interest:

The salinity in groundwater varies greatly in Western Australia. This depends on many factors such as geology, topography, climate and coastal seawater intrusion. The Department of Water and Environmental Regulation (DWER) categorises the groundwater salinity according to the salt content and its application for public drinking, irrigation, stock water etc.

Affect of Interest:

The salinity in groundwater in Western Australia varies considerably. This depends on many factors such as geology, topography, climate and coastal seawater intrusion.

Due to the fluid nature of ground conditions it is only possible to report on a indicative reading for the groundwater salinity that exists at this location.

If the groundwater salinity at this location is important then you should contact the closest regional office for advice on this subject.

Groundwater Salinity:

TDS per milligram per litre - 500-1000

Salinity is the measure of total dissolved solids (TDS) or salts in water and is reported as milligrams per litre (mg/L).

The range of salinity of natural water is:

Category	Salinity range
Fresh	0-500 mg/L TDS (suitable for selected agricultural use)
Marginal	500-1000 mg/L TDS (suitable for selected agricultural use)
Brackish	1000-3000 mg/L TDS (used for parkland irrigation)
Saline	3000-35,000 mg/L TDS (industrial use and stock watering up to 10,000mg/L)
Hypersaline	>35,000 mg/L TDS

To verify the groundwater salinity at a particular location contact our office on (08) 6364 7600 or waterinfo@water.wa.gov.au, or see www.water.wa.gov.au/water-topics/groundwater.

Legislation governing the interest:

4. Details of interests that **AFFECT** this property

The Department of Water advises against drilling garden bores in areas underlain by the saltwater interface. There is no legislative basis or implications for this advice.

Land Tax

Responsible agency:
Department of Finance

Definition of Interest:

Land tax is an annual tax based on the ownership and usage of land at midnight on 30 June and is levied in respect of the financial year following that date. Various exemptions or concessions may apply. Until land tax is paid it remains a first charge on the land.

Affect of Interest:

Land tax is an annual tax based on the ownership and usage of land at midnight on 30 June and is levied in respect of the financial year following that date. Various exemptions or concessions may apply; for example, primary residences.

For more information contact our office on (08) 9262 1200 or see www.finance.wa.gov.au/landtax.

Legislation governing the interest:

[Taxation Administration Act 2003](#)

[Land Tax Act 2002](#)

Local Government Rates

Responsible agency:
Department of Local Government, Sport and Cultural Industries

Definition of Interest:

A Local Government Authority can levy rates on any rateable land within its district in accordance with the provisions of the *Local Government Act 1995* and its associated regulations.

Affect of Interest:

Local Government Authorities can levy rates on any rateable land within its district in accordance with the provisions of the *Local Government Act 1995* and its associated regulations.

For more information contact your Local Government Authority.

Legislation governing the interest:

[Local Government Act 1995](#)
[Local Government \(Financial Management\) Regulations 1996](#)

Local Planning Schemes

Responsible agency:
Department of Planning, Lands and Heritage

Definition of Interest:

Local Planning Schemes set out the way land is to be used and developed, classify areas for land use and include provisions to coordinate infrastructure and development in a locality.

Affect of Interest:

The selected area of land **has** the following zoning(s) and/or land-use class(es):

Local Government Authority:

Description - LGA Boundary

Name - ALBANY, CITY OF

Residential Code:

R Code Number - R20

Gazettal Date - 27/02/2024

Scheme Name - ALBANY

Scheme Number - 2

Local Area Zoning:

Mosquito-borne Disease Risk

Responsible agency:
Department of Health

Definition of Interest:

Mosquitoes can be a serious nuisance in certain regions of Western Australia and can spread disease-causing viruses such as Ross River, Barmah Forest, Kunjin and Murray Valley encephalitis viruses.

Affect of Interest:

The selected area **is impacted** by the risk of mosquito-borne diseases.

Details are as follows:

Mosquito-borne Disease Risk:

Risk Level - Low or unknown risk

Frequent high risk

The selected area is in a region that frequently experiences problems with nuisance and disease carrying mosquitoes.

Occasional very high risk

The selected area is in a region that experiences severe problems with nuisance and disease carrying mosquitoes in some years, depending on environmental conditions.

Frequent high and occasional very high risk

The selected area is in a region that frequently experiences problems with nuisance and disease carrying mosquitoes, and severe issues are also experienced in some years depending on environmental conditions.

Low or unknown risk

This location has not experienced high rates of mosquito-borne disease in the past. However, the sporadic nature of mosquito-borne disease outbreaks means that this not necessarily a precise indicator of future risk. Furthermore, regions with low or no resident human population may also be classified as low risk even though there may be an undocumented high risk in the area. Finally, significant mosquito nuisance issues may still be experienced, despite a low health risk.

Residents are advised to avoid exposure to mosquitoes and minimise mosquito breeding around the home as appropriate, particularly following extreme weather events such as heavy rainfall, high tides (in coastal areas) or localised flooding that may create abnormally large areas of mosquito breeding habitat.

For information on mosquito control in your local area or to report a mosquito problem please contact your Local Government Environmental Health Officer.

4. Details of interests that **AFFECT** this property

13

For more information about mosquito management, contact the Environmental Health Directorate on (08) 9388 4999 or email medical.entomology@health.wa.gov.au or see http://ww2.health.wa.gov.au/Articles/J_M/Mosquito-management.

Legislation governing the interest:

[Health Act 1911](#)

Native Title and Indigenous Land Use Agreements

Responsible agency:

National Native Title Tribunal

Definition of Interest:

Native title is the recognition in Australian law that some Indigenous people continue to hold rights to lands and waters. An Indigenous Land Use Agreement (ILUA) is an agreement about native title made between one or more native title groups and other people.

Affect of Interest:

Your area of interest is **within** the geographic extent(s) of the following Native Title Applications, Determinations or Indigenous Land Use Agreements (ILUAs):

IMPORTANT INFORMATION: PLEASE NOTE

WHILE NATIVE TITLE INTERESTS MAY HAVE BEEN IDENTIFIED OVER THE AREA OF YOUR SEARCH, IT MUST BE NOTED THAT:

Native Title cannot generally exist over the following types of tenure:

- residential freehold;
- farms held in freehold or;
- pastoral or agricultural leases that grant exclusive possession;
- residential, commercial or community purpose leases, or
- public works like roads, schools or hospitals.

Native Title can generally only exist over the following types of tenure:

- vacant (unallocated) crown land;
- some state forests, national parks and public reserves depending on the effect of state or territory legislation establishing those parks and reserves;
- oceans, seas, reefs, lakes and inland waters;
- some leases, such as non-exclusive pastoral and agricultural leases, depending on the state or territory legislation they were issued under, or
- some land held by or for Aboriginal people or Torres Strait Islanders.

The status of a Native Title Application will determine the rights and restrictions within the boundary of that Application.

Applications as Determined by the Federal Court:

Legislation governing the interest:

[Native Title Act 1993 \(Commonwealth\)](#)

Occupancy Permit

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

The building approvals process in Western Australia is legislated under *The Building Act 2011* from the design stage right through to occupation of a building.

Affect of Interest:

Occupancy Permits are required in order to occupy multi-residential, commercial and public buildings.

For information about building work that requires an occupancy permit contact a Building Surveyor ([refer to list of registered building surveyors](#)) For information about applying for an occupancy permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)

[Building Regulations 2012](#)

Residual Current Device

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

Residual Current Devices (RCDs) monitor the flow of electricity from the main switchboard and prevent electrocution by cutting the electricity supply if an imbalance in the current is detected. At least two RCDs must be fitted before land title is transferred.

Affect of Interest:

All home sellers and landlords must ensure that RCDs are installed in accordance with the Electricity Regulations to protect all power points and lighting circuits. RCDs cut the electricity supply instantly if a person touches a live part and receives a shock. By installing two or more RCDs, the property's circuits can be divided evenly

4. Details of interests that **AFFECT** this property

15

between then, ensuring some light and power remains if one RCD operates. Multiple RCDs also avoid nuisance operation caused by appliances with low-level leakage currents. All properties constructed after 2000 should already have two RCDs fitted. Two RCDs must be fitted to protect all power points and lighting circuits in all homes before the land title is transferred. If you are planning to sell your home and it does not already have two RCDs protecting all power point and lighting circuits, you will need to engage a licensed electrical contractor to install them to comply with the Electricity Regulations.

Landlords must ensure RCDs are installed in accordance with the Electricity Regulations. If RCDs are not fitted, tenants should contact the managing agent or landlord and request that RCDs be installed as required.

For more information see [Handy guide to BE Safe – RCD safety switches](#) or call 1300 489 099.

[Electricity Regulations 1947](#)

Smoke Alarm

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

The Building Code of Australia requires mains powered smoke alarms to be fitted in all newly constructed residential buildings and in new building work, such as alterations and extensions (where smoke alarms are required) in accordance with the building permit.

For existing dwellings, there are laws in Western Australia requiring owners to have mains-powered smoke alarms fitted to all residential properties that are subject to transfer of ownership, rent and hire, regardless of when they were built.

Affect of Interest:

The Building Regulations 2012 in Western Australia requires owners to have mains-powered smoke alarms fitted to all dwellings that are subject to transfer of ownership, rent and hire, regardless of when they were built.

The smoke alarms must:

- be installed in the dwelling in accordance with the Building Code of Australia applicable at the time of installation of the alarms;
- be not more than 10 years old and have not passed their expiry date;
- be in working order; and
- be permanently connected to the mains power supply.

Owners may be fined up to \$5,000 for non-compliance.

Refer to [Smoke alarms in dwellings for sale, rent or hire fact sheet](#) or Contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)

[Building Regulations 2012](#)

Sprinkler Restrictions & Bans

Responsible agency:

Department of Water and
Environmental Regulation

Definition of Interest:

Sprinkler restrictions and/or bans apply throughout Western Australia for scheme water users and domestic garden bores.

Affect of Interest:

The selected property **is identified** as being fully or partially within in an area designated to have sprinkler restrictions.

4. Details of interests that **AFFECT** this property

16

Details are as follows:

Sprinkler Restrictions:

Region - South-West

Winter Restrictions - Stage 6

Summer Restrictions - Stage 4

Sprinkler restrictions and or bans apply to this area. Due to the drying climate, the State Government introduced water efficiency measures, including the introduction of restrictions on domestic sprinklers.

These restrictions include permanent efficiency measures, an annual winter sprinkler ban that applies to domestic sprinkler use and some non-domestic use, and can also include extra efficiency measures and restrictions from time to time such as extensions of the winter sprinkler ban period or other restrictions.

Restriction stages are detailed in the Water Agencies (Water Use) By-laws 2010.

www.legislation.wa.gov.au/legislation/statutes.nsf/main_mrtitle_11731_homepage.html

Additional restrictions may also apply to specific locations. Please refer to your water service provider for more information relating to your area.

For more information please see www.water.wa.gov.au/urban-water/water-restrictions/garden-bores.

For more information contact our office on 13 10 39 or see www.water.wa.gov.au and go to the Domestic Garden Bore website page.

[Water Agencies \(Water Use\) By-laws 2010](#)

Swimming Pool

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

In Western Australia, private swimming and spa pools with water that is more than 300mm deep must have a compliant safety barrier.

Affect of Interest:

This includes above-ground, in-ground, and portable swimming and spa pools, but not spa baths which are typically located in a bathroom and drained after each use. Safety barriers must comply with the technical requirements of the Building Regulations 2012, Building Code of Australia, and Australian Standard AS 1926.1. Building and Energy has produced "[Rules for Pools and Spas](#)", a guidance document on safety barrier requirements.

Generally, a building permit is required prior to the construction, erection, assembly, placement, renovation, alteration, extension, improvement or repair of a private swimming pool.

For information on safety barrier requirements, including exclusions and exemptions that may apply in limited circumstances, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Waterways Conservation Act Management Areas

Responsible agency:

Department of Water and
Environmental Regulation

Definition of Interest:

Under the *Waterways Conservation Act 1976*, the Minister for Water and Department of Water and Environmental Regulation (DWER) have responsibility for the conservation of the waters and associated land in declared management areas. The Department of Water and Environmental Regulation has an approval process for certain works affecting these waterways and their foreshore areas.

Affect of Interest:

The selected property **is located within** a management area under the *Waterways Conservation Act 1976*.

This is within the following Department of Water and Environmental Regulation (DWER) Region:

Conservation Area Details:

Name - ALBANY WATERWAYS MANAGEMENT AREA

Act - Waterways Conservation Act

Status - Gazetted

Gazetted Date - 1.9910517E7

Other Water Management Areas - Geographe Catchment, Swan River Trust, Wilson Inlet, Avon, Peel Inlet, Leschenault Management Areas, Cockburn Sound Management Council.

Activities within or adjacent to waterways outside the Waterways Conservation Act must still comply with the requirements for protection of waterways and foreshore areas established under local government, WAPC policy and DWER Policies.

For more information contact our office on (08) 6364 7600, further information and advice can be sought the DWER's regional offices. Contact information for regional offices is available at www.water.wa.gov.au.

TELSTRA LIMITED A.C.N. 086 174 781 Generated On 19/07/2026 14:57:49		Please read Duty of Care prior to any excavating

WARNING
Telstra plans and location information conform to Quality Level "D" of the Australian Standard AS 5488-Classification of Subsurface Utility Information. As such, Telstra supplied location information is indicative only. Spatial accuracy is not applicable to Quality Level D. Refer to AS 5488 for further details. The exact position of Telstra assets can only be validated by physically exposing it. Telstra does not warrant or hold out that its plans are accurate and accepts no responsibility for any inaccuracy. Further on site investigation is required to validate the exact location of Telstra plant prior to commencing construction work. A Certified Locating Organisation is an essential part of the process to validate the exact location of Telstra assets and to ensure the asset is protected during construction works.

See the Steps- Telstra Duty of Care that was provided in the email response.

General Information

Telstra highly recommends using Certified Locators.

For more info contact a [CERTLOC Certified Locating Organisation \(CLO\)](#) or Telstra Location Intelligence Team 1800 653 935

The 5 Ps of Safe Excavation

<https://www.byda.com.au/before-you-dig/best-practice-guides/>

Plan	Prepare	Pothole	Protect	Proceed
Plan your job. Use the BYDA service at least one day before your job is due to begin, and ensure you have the correct plans and information required to carry out a safe project.	Prepare by communicating with asset owners if you need assistance. Look for clues onsite. Engage a Certified Locator.	Potholing is physically sighting the asset by hand digging or hydro vacuum extraction.	Protecting and supporting the exposed infrastructure is the responsibility of the excavator. Always erect safety barriers in areas of risk and enforce exclusion zones.	Only proceed with your excavation work after planning, preparing, potholing (unless prohibited), and having protective measures in place.
