Reason there are fewer than three comparable properties

☒

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties were sold

Below are not on SOI but i came to my price by observing properties Station Lake Rd and Rennie St. They are included as broader market evidence but weighted less heavily due to configuration and land-size differences. For example 24 Station Lake Rd (971m², 4 bed | 1 bath | 1 car) required two price adjustments before selling at \$644,500

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
