Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

I have reviewed the sales results within the past six months. The majority of comparable properties are either significantly smaller than the subject property, are not brand-new homes, have a lower level of quality and finish, or differ considerably in architectural style. I have selected 14 Burilla Avenue, Doncaster as a comparable sale. Although the architectural style differs from the subject property, it offers a high level of build quality and is situated on a larger landholding, making it a useful reference point for pricing.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
