WARNING
Telstra plans and location information conform to Quality Level "D" of the Australian Standard AS 5488-Classification of Subsurface Utility Information. As such, Telstra supplied location information is indicative only. Spatial accuracy is not applicable to Quality Level D. Refer to AS 5488 for further details. The exact position of Telstra assets can only be validated by physically exposing it. Telstra does not warrant or hold out that its plans are accurate and accepts no responsibility for any inaccuracy. Further on site investigation is required to validate the exact location of Telstra plant prior to commencing construction work. A Certified Locating Organisation is an essential part of the process to validate the exact location of Telstra assets and to ensure the asset is protected during construction works.

See the Steps- Telstra Duty of Care that was provided in the email response.

General Information

Telstra highly recommends using Certified Locators.

For more info contact a [CERTLOC Certified Locating Organisation \(CLO\)](#) or Telstra Location Intelligence Team 1800 653 935

P50 50mm PVC conduit

P100 100mm PVC conduit

A100 100mm asbestos cement conduit

Some Examples of how to read Telstra Plans

The 5 Ps of Safe Excavation

<https://www.byda.com.au/before-you-dig/best-practice-guides/>

Plan	Prepare	Pothole	Protect	Proceed
Plan your job. Use the BYDA service at least one day before your job is due to begin, and ensure you have the correct plans and information required to carry out a safe project.	Prepare by communicating with asset owners if you need assistance. Look for clues onsite. Engage a Certified Locator.	Potholing is physically sighting the asset by hand digging or hydro vacuum extraction.	Protecting and supporting the exposed infrastructure is the responsibility of the excavator. Always erect safety barriers in areas of risk and enforce exclusion zones.	Only proceed with your excavation work after planning, preparing, potholing (unless prohibited), and having protective measures in place.

Plan Legend (summary)

INFORMATION BROCHURE

This legend is provided to [Dial Before You Dig](#) users to assist with interpreting Water Corporation plans. A more detailed colour version can be downloaded from www.watercorporation.com.au. (Your business > Working near pipelines > Downloads)

WARNING - Plans may not show all pipes or associated equipment at a site, or their accurate location. Pothole by hand to verify asset location before using powered machinery.

	WATER, SEWERAGE AND DRAINAGE PIPELINES CRITICAL PIPELINE (thick line) EXTRA CAUTION REQUIRED A risk assessment may be required if working near this pipe. Refer to your Dial Before You Dig information or call 131375. Pipes are not always labelled on plans as shown here – assume all pipes are significant and pothole to prove location and depth. P.M. pressure main M.S. main sewer R rising main (i.e. drainage pressure main) Common material abbreviations: AC asbestos cement e.g. 100AC NOTE: AC is brittle and is easily damaged. CI cast iron GRP glass reinforced plastic P PVC - class follows pipe material (e.g.100P-12) RC reinforced concrete S steel VC vitrified clay
	NON-STANDARD ALIGNMENT Pipes are not always located on standard alignments due to local conditions. (i.e. Other than 2.1 m for reticulation mains and 4.5 m for distribution mains.)
	OTHER PIPE SYMBOLS Other numbers or codes shown on pipes are not physical attributes. These are Water Corporation use only.
	CONCRETE ENCASEMENT, SLEEVING AND TUNNELS May be in different forms: steel, poured concrete, box sections, slabs.
	CHANGE INDICATOR ARROW Indicates a change in pipe type or size. e.g. 150mm diameter PVC to 150mm diameter asbestos cement (AC).
	PIPE OVERPASS The overpass symbol indicates the shallower of the two pipes.
	VALVES Many different valve types are in use. Valve may be in a pit or have a visible valve cover. There may be no surface indication. Valves may be shallower than the main or offset from it. e.g. A scour valve (SC) may have a pipe coming away from main pipeline on the opposite side to that indicated on the plan.

 	FIRE SERVICES 100 mm polythene domestic (DOMS) service FS Fire service FHS Fire hydrant service Hydrant may be visible external to the building. Even if not visible a substantial fire service may still be present.	
	PIPE BYPASS Bypass will not be on the same alignment as the main pipeline.	
	CATHODIC PROTECTION (CP) Buried CP equipment may be located some distance from the pipeline being protected interconnected by buried cable. All CP fittings may not be visible. A buried anode – various sizes and configurations TP test point - may be visible on a post or in-ground TR transformer rectifier	
	ACCESS TEE OR MANHOLE OR SERVICE ACCESS PIT NOTE: Opening any manhole or pit is dangerous and is prohibited. Below ground. May not be any visible signs at ground level or may be located in a pit.	
	WASTEWATER ACCESS CHAMBERS (MANHOLES) -- Manhole (shown not labelled) -- Tee or maintenance shaft (shown not labelled) MS maintenance shaft (labelled) WARNING: Opening any manhole or pit is dangerous and is prohibited.	
	WASTEWATER MANHOLE INFORMATION BOXES Square non-trafficable Do not drive vehicles over or place loads. Round trafficable In general if not located in the road treat as if non-trafficable.	
	HAZARDOUS MANHOLE Indicates a potential health hazard from risk of exposure to toxic waste. WARNING: Opening any manhole is dangerous and is prohibited.	
	FLOWMETER Various types of flow meters located in a pit. May be labelled with identifier. (e.g. 50 MFM, 50MM)	
	STANDPIPE, WATER SAMPLING POINT (WSP), WATER SUPPLY POINT (WP) May be located adjacent to mains. Usually there will be some visible indication.	
	Hydrant May not be visible. Hydrant Tee May not be visible. Pillar hydrant Visible	
	PRE-LAID SERVICES D Deferred FL Fully Prelaid Left FM Fully Prelaid Front Middle FR Fully Prelaid Right L Left R Right Code indicates on which side of a lot the water service is located: May be no visible indication at site.	
	SEWER OR DRAINAGE PUMP STATION Several pipes and a pressurised main will be in the vicinity.	
	OPEN CHANNEL OA Landscaped OE Normal Open Earth OF Open channel with flood levee OH Half Pipe OL Lined Channel OS Swale-Shallow Depression OW Natural Water Course Drainage structures, even if dry, must be kept clear of any obstruction such as sand stockpiles.

ELECTRICAL SAFETY CERTIFICATE

Electricity (Licensing) Regulations 1991, Regulation 52B

This certificate warrants that the electrical installing work described below is safe and complies with the *Electricity (Licensing) Regulations 1991*.

This Electrical Safety Certificate is the certificate of compliance referred to in Regulation 52B of the *Electricity (Licensing) Regulations 1991*. This regulation requires that the electrical contractor/authorised¹ electrician completing electrical installing work must, with 28 days of completing the work, provide a certificate of compliance in respect to the work to the person for whom the work was carried out.

Installation Details

Owner/Occupier Name [REDACTED] Meter No. 0540057408
Builder/Client Name
Address 36 Minor Road Orana 6330
METER_POSITION: Shed
Alteration/Addition
Date of Completion 12/08/2026 Related Notice of Completion E2737514

Details of work completed (indicate a number/rating where relevant)

rewire house, move meter from shed to house and and upgraded all circuits to rcd
Lights - 16
Socket Outlets 10A - 15
Air Conditioners / Refrigerators - 1
RCDs - 5
Smoke Alarms - 2

Details of RCD Protection

All the socket outlet and lighting final subcircuits of the installation are protected by at least two RCDs? Yes
If NO, what circuits are not protected:

Details of any defects observed (alterations and additions only)

Certification by authorised¹ electrician

I certify that the electrical installing work that is subject of this certificate has been completed, checked and tested and, at the time of testing, met the requirements of the *Electricity (Licensing) Regulations 1991* and is safe.

Dear

RE: Property Rental Appraisal

Thank you for your invitation to appraise your property and provide you with a rental appraisal as to what your property may be return in today's market.

We have based this appraisal on current market conditions as well as our extensive knowledge of the property market in the local area we believe the property would acheive in the region of \$600pw to \$620pw.

Should you have any questions relating to the information contained with this document please feel free to contact me on the details below.

Thank you again for the opportunity to access your property and for considering the services of our office. I look forward to working with you soon.

Kind Regards

Honi Benson

Property Interest Report

36 Minor Road, Orana 6330

landgate.wa.gov.au

1.

Property information

This section includes an aerial photograph and details of this property.

2.

Summary of interests that **AFFECT** this property

This section helps you to see at a glance interests pertaining to this property.

3.

Summary of interests that **DO NOT AFFECT** this property

This section helps you to see at a glance interests that do not affect this property.

4.

Details of interests that **AFFECT** this property

This section provides details of how an interest specifically relates to this property.

What is a property interest?

A property interest gives rights to a land owner but also, could imply restrictions or impose responsibilities which may impact on their use or enjoyment of the land. Most interests are created by government legislation, policies and guidelines.

Where does property interest information come from?

This service gathers interest information from multiple government bodies and private organisations in Western Australia and consolidates that information into the Property Interest Report. This report will show interests that do and do not affect the property.

Does this report include all interests?

This Property Interest Report only serves as a guide to interests that relate to this property not recorded on the Certificate of Title.

Landgate does not have access to all interest information that affects property in Western Australia. There may be other interests that relate to the property, where that information is currently not available to Landgate. For information on other known interests not in this report, see

<https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

Are interests on the Certificate of Title in this report?

No, this report does not include interest information registered on the Certificate of Title. Limitations, Interests, Encumbrances and Notifications may be registered on the Certificate of Title under Second Schedule Endorsements.

It is recommended that a copy of the Certificate of Title is obtained to identify any registered interests and/or information. Visit [landgate.wa.gov.au](https://www.landgate.wa.gov.au) to order a copy of the Certificate of Title.

How do I find out more information?

For further information about interests including information, contact details and relevant legislation on any interests in this report, see

<https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

If you have any queries or concerns, please contact the responsible agency of the interest in question, contact details can be found in this report or the interest dictionary.

Notice

This Property Interest Report has been produced by Landgate on behalf of the State of Western Australia. This report has direct access to property interest information held by multiple government bodies and private organisations in Western Australia.

This report is believed to be accurate and current at the time it was generated. However, circumstances and interests may change and can differ from the contents of this report. You must make your own assessment of it and rely on it at your own risk. Please see the full Disclaimer at the end of this report for further details.

Please note: Where risk has been identified to a property within this report and construction has occurred on the land, contact your relevant Local Government Authority for management remediation plans relevant to your property, or for properties being purchased off the plan, contact your developer.

Interests below in alphabetical order specifically affect this property but do not appear on the Certificate of Title. For further information and Legislation details, see <https://www.landgate.wa.gov.au/land-and-property/property-ownership/property-interest-report/interest-dictionary>.

Building and Construction Industry Training Levy

Responsible agency:

Construction Training Fund Board

Definition of Interest:

The Building and Construction Industry Training Levy is used to support training for people working within the building and construction industry, and is payable prior to the commencement of a project or upon application for a building license.

Affect of Interest:

The levy of 0.2% on the contract price is **applied to all** residential, commercial and civil engineering projects undertaken in Western Australia where the total value of construction is over \$20,000. The project owner pays the levy when an application for a building permit is made to the Local Government Authority.

For more information contact our office on (08) 9244 0100 or see www.bcitf.org.

Legislation governing the interest:

[Building and Construction Industry Training Fund and Levy Collection Act 1990](#)
[Building and Construction Industry Training Levy Act 1990](#)

Building Permit

Responsible agency:

Department of Energy, Mines, Industry Regulation and Safety

Definition of Interest:

Generally, before any building work can be carried out a building permit must be in effect.

Affect of Interest:

A building permit application will be required to be submitted to the relevant local government if the proposal includes the construction, renovation, alteration or improvement of a building.

For information on applying for a building permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)
[Building Regulations 2012](#)

Demolition Permit

Responsible agency:

Department of Energy, Mines, Industry Regulation and Safety

Definition of Interest:

Generally, a demolition permit is required for the demolition, dismantling or removal of a building or incidental structure or to do one or more stages of demolition work.

Affect of Interest:

A demolition permit application will be required to be submitted to the relevant local government.

A person named as a demolition contractor on a demolition permit may be required to be appropriately licensed by WorkSafe to carry out demolition work, as well as an asbestos removal licence. The licence from WorkSafe is in addition to the requirement for a demolition permit.

For information on applying for a demolition permit, contact the relevant local government or for general information on the building approvals process, contact

4. Details of interests that **AFFECT** this property

8

the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

For all licencing applications and enquiries please call 1300 424 091 or e-mail: wscallcentre@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)

[Building Regulations 2012](#)

[Work Health and Safety \(General\) Regulations 2022](#)

Dial Before You Dig

Responsible agency:

Dial Before You Dig

Definition of Interest:

Dial Before You Dig is a referral service for information on locating underground utilities anywhere in Western Australia. Australia's national referral service for information on underground pipes and cables.

Affect of Interest:

This will affect the property when ground disturbance works are planned, for further information or plans on location of underground utilities see www.1100.com.au or contact our office on 1100.

Legislation governing the interest:

[Occupational Health, Safety and Welfare Act 1984](#)

[Occupational Safety and Health Regulations 1996](#)

Emergency Services Levy

Responsible agency:

Department of Fire and Emergency Services

Definition of Interest:

The Emergency Service Levy (ESL) category classification of a property (declared by the Minister for Emergency Services) determines the ESL assessment rate that will be applied to the Gross Rental Value (GRV) of a property to calculate the ESL charge each year (subject to minimum and maximum ESL charge declarations). ESL category classification boundaries are managed by the DFES based upon cadastral information.

Affect of Interest:

The selected property **currently has** the following Emergency Services Levy category classification:

Emergency Service Levy Boundaries:

ESL Category - 2

ESL Boundary - Albany

ESL Calculation - In 2026-27 Category 2 properties pay \$0.008275 x the Gross Rental Value (GRV) subject to a minimum \$113 charge & a maximum charge of \$420 for vacant, residential & farming usages; and \$240,000 for commercial, industrial & miscellaneous usages

The ESL category classifications:

Category 1: Availability of a network of career Fire & Rescue Service stations and the State Emergency Service (SES).

Applies in the Perth metropolitan area.

Category 2: Availability of a career Fire & Rescue station and a volunteer Fire & Rescue Service brigade and the SES.

Applies in the city centres of Albany, Bunbury, Greater-Geraldton, Kalgoorlie-Boulder and Mandurah.

Category 3: Availability of a Volunteer Fire & Rescue Service brigade or bush fire

4. Details of interests that **AFFECT** this property

9

brigade with frequent support from the metropolitan network of career Fire & Rescue Service stations and the SES.
Applies in the periphery of the metropolitan area.

Category 4: Availability of a Volunteer Fire & Rescue Service brigade or a Volunteer Emergency Service Unit or a breathing apparatus equipped bush fire brigade and the SES.
Applies in approximately 90 country townsites.

Category 5: Availability of a bush fire brigade and the SES.
Applies in all other areas of the State except Indian Ocean Territories.

Please note the following properties are exempt from ESL (by Regulation):

- Vacant land owned by Local Governments;
- Certain Mining Tenements granted for prospecting/exploratory activities only; and
- The Wittenoom town site (a contaminated site);

Use the Emergency Services Levy calculator below to work out how much ESL you are likely to pay on a property, see
www.dfes.wa.gov.au/emergencyserviceslevy/pages/eslcalculator.aspx.

For more information contact our office on (08) 9395 9485, or see
www.dfes.wa.gov.au.

Legislation governing the interest:

[Fire and Emergency Services Act 1998](#)

[Fire and Emergency Services Regulations 1998](#)

Groundwater Salinity

Responsible agency:

Department of Water and
Environmental Regulation

Definition of Interest:

The salinity in groundwater varies greatly in Western Australia. This depends on many factors such as geology, topography, climate and coastal seawater intrusion. The Department of Water and Environmental Regulation (DWER) categorises the groundwater salinity according to the salt content and its application for public drinking, irrigation, stock water etc.

Affect of Interest:

The salinity in groundwater in Western Australia varies considerably. This depends on many factors such as geology, topography, climate and coastal seawater intrusion.

Due to the fluid nature of ground conditions it is only possible to report on a indicative reading for the groundwater salinity that exists at this location.

If the groundwater salinity at this location is important then you should contact the closest regional office for advice on this subject.

Groundwater Salinity:

TDS per milligram per litre - 500-1000

Salinity is the measure of total dissolved solids (TDS) or salts in water and is reported as milligrams per litre (mg/L).

The range of salinity of natural water is:

Category	Salinity range
Fresh	0-500 mg/L TDS (suitable for selected agricultural use)
Marginal	500-1000 mg/L TDS (suitable for selected agricultural use)
Brackish	1000-3000 mg/L TDS (used for parkland irrigation)

4. Details of interests that **AFFECT** this property

10

Saline 3000-35,000 mg/L TDS (industrial use and stock watering up to 10,000mg/L)
Hypersaline >35,000 mg/L TDS

To verify the groundwater salinity at a particular location contact our office on (08) 6364 7600 or waterinfo@water.wa.gov.au, or see www.water.wa.gov.au/water-topics/groundwater.

Legislation governing the interest:

The Department of Water advises against drilling garden bores in areas underlain by the saltwater interface. There is no legislative basis or implications for this advice.

Land Tax

Responsible agency:

Department of Finance

Definition of Interest:

Land tax is an annual tax based on the ownership and usage of land at midnight on 30 June and is levied in respect of the financial year following that date. Various exemptions or concessions may apply. Until land tax is paid it remains a first charge on the land.

Affect of Interest:

Land tax is an annual tax based on the ownership and usage of land at midnight on 30 June and is levied in respect of the financial year following that date. Various exemptions or concessions may apply; for example, primary residences.

For more information contact our office on (08) 9262 1200 or see www.finance.wa.gov.au/landtax.

Legislation governing the interest:

[Taxation Administration Act 2003](#)

[Land Tax Assessment Act 2002](#)

[Land Tax Act 2002](#)

Local Government Rates

Responsible agency:

Department of Local Government, Sport and Cultural Industries

Definition of Interest:

A Local Government Authority can levy rates on any rateable land within its district in accordance with the provisions of the *Local Government Act 1995* and its associated regulations.

Affect of Interest:

Local Government Authorities can levy rates on any rateable land within its district in accordance with the provisions of the *Local Government Act 1995* and its associated regulations.

For more information contact your Local Government Authority.

Legislation governing the interest:

[Local Government Act 1995](#)

[Local Government \(Financial Management\) Regulations 1996](#)

Local Planning Schemes

Responsible agency:

Department of Planning, Lands and Heritage

Definition of Interest:

Local Planning Schemes set out the way land is to be used and developed, classify areas for land use and include provisions to coordinate infrastructure and development in a locality.

Affect of Interest:

The selected area of land **has** the following zoning(s) and/or land-use class(es):

Local Government Authority:

Description - LGA Boundary

	Name - ALBANY, CITY OF <u>Residential Code:</u> R Code Number - R25 Gazettal Date - 27/02/2024 Scheme Name - ALBANY Scheme Number - 2 <u>Local Area Zoning:</u> Scheme Name - ALBANY Zoning - Residential Label - Label Description - Gazettal Date - 27/02/2024 Scheme Number - 2 For more information see www.planning.wa.gov.au/Local-planning-schemes.aspx. **Mosquito-borne
Disease Risk**
Responsible agency:
Department of Health

Definition of Interest:
Mosquitoes can be a serious nuisance in certain regions of Western Australia and can spread disease-causing viruses such as Ross River, Barmah Forest, Kunjin and Murray Valley encephalitis viruses.

Affect of Interest:
The selected area **is impacted** by the risk of mosquito-borne diseases.

Details are as follows:

Mosquito-borne Disease Risk:

Risk Level - Low or unknown risk

Frequent high risk
The selected area is in a region that frequently experiences problems with nuisance and disease carrying mosquitoes.

Occasional very high risk
The selected area is in a region that experiences severe problems with nuisance and disease carrying mosquitoes in some years, depending on environmental conditions.

Frequent high and occasional very high risk
The selected area is in a region that frequently experiences problems with nuisance and disease carrying mosquitoes, and severe issues are also experienced in some years depending on environmental conditions.

Low or unknown risk
This location has not experienced high rates of mosquito-borne disease in the past. However, the sporadic nature of mosquito-borne disease outbreaks means that this not necessarily a precise indicator of future risk. Furthermore, regions with low or no resident human population may also be classified as low risk even though there may be an undocumented high risk in the area. Finally, significant mosquito nuisance issues may still be experienced, despite a low health risk.

Residents are advised to avoid exposure to mosquitoes and minimise mosquito

4. Details of interests that **AFFECT** this property

12

breeding around the home as appropriate, particularly following extreme weather events such as heavy rainfall, high tides (in coastal areas) or localised flooding that may create abnormally large areas of mosquito breeding habitat.

For information on mosquito control in your local area or to report a mosquito problem please contact your Local Government Environmental Health Officer.

For more information about mosquito management, contact the Environmental Health Directorate on (08) 9388 4999 or email medical.entomology@health.wa.gov.au or see http://ww2.health.wa.gov.au/Articles/J_M/Mosquito-management.

Legislation governing the interest:

[Health Act 1911](#)

Native Title and Indigenous Land Use Agreements

Responsible agency:

National Native Title Tribunal

Definition of Interest:

Native title is the recognition in Australian law that some Indigenous people continue to hold rights to lands and waters. An Indigenous Land Use Agreement (ILUA) is an agreement about native title made between one or more native title groups and other people.

Affect of Interest:

Your area of interest is **within** the geographic extent(s) of the following Native Title Applications, Determinations or Indigenous Land Use Agreements (ILUAs):

IMPORTANT INFORMATION: PLEASE NOTE
WHILE NATIVE TITLE INTERESTS MAY HAVE BEEN IDENTIFIED OVER THE AREA OF YOUR SEARCH, IT MUST BE NOTED THAT:

Native Title cannot generally exist over the following types of tenure:

- residential freehold;
- farms held in freehold or;
- pastoral or agricultural leases that grant exclusive possession;
- residential, commercial or community purpose leases, or
- public works like roads, schools or hospitals.

Native Title can generally only exist over the following types of tenure:

- vacant (unallocated) crown land;
- some state forests, national parks and public reserves depending on the effect of state or territory legislation establishing those parks and reserves;
- oceans, seas, reefs, lakes and inland waters;
- some leases, such as non-exclusive pastoral and agricultural leases, depending on the state or territory legislation they were issued under, or
- some land held by or for Aboriginal people or Torres Strait Islanders.

The status of a Native Title Application will determine the rights and restrictions within the boundary of that Application.

Applications as Determined by the Federal Court:

native_title_determined_number - 6117

Legislation governing the interest:

[Native Title Act 1993 \(Commonwealth\)](#)

Occupancy Permit

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

The building approvals process in Western Australia is legislated under *The Building Act 2011* from the design stage right through to occupation of a building.

Affect of Interest:

Occupancy Permits are required in order to occupy multi-residential, commercial and public buildings.

For information about building work that requires an occupancy permit contact a Building Surveyor ([refer to list of registered building surveyors](#)) For information about applying for an occupancy permit, contact the relevant local government or for general information on the building approvals process, contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Legislation governing the interest:

[Building Act 2011](#)

[Building Regulations 2012](#)

Residual Current Device

Definition of Interest:

Residual Current Devices (RCDs) monitor the flow of electricity from the main switchboard and prevent electrocution by cutting the electricity supply if an

4. Details of interests that **AFFECT** this property

14

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

imbalance in the current is detected. At least two RCDs must be fitted before land title is transferred.

Affect of Interest:

All home sellers and landlords must ensure that RCDs are installed in accordance with the Electricity Regulations to protect all power points and lighting circuits. RCDs cut the electricity supply instantly if a person touches a live part and receives a shock. By installing two or more RCDs, the property's circuits can be divided evenly between them, ensuring some light and power remains if one RCD operates. Multiple RCDs also avoid nuisance operation caused by appliances with low-level leakage currents. All properties constructed after 2000 should already have two RCDs fitted. Two RCDs must be fitted to protect all power points and lighting circuits in all homes before the land title is transferred. If you are planning to sell your home and it does not already have two RCDs protecting all power point and lighting circuits, you will need to engage a licensed electrical contractor to install them to comply with the Electricity Regulations.

Landlords must ensure RCDs are installed in accordance with the Electricity Regulations. If RCDs are not fitted, tenants should contact the managing agent or landlord and request that RCDs be installed as required.

For more information see [Handy guide to BE Safe – RCD safety switches](#) or call 1300 489 099.

Legislation governing the interest:

[Electricity Regulations 1947](#)

Smoke Alarm

Responsible agency:

Department of Energy,
Mines, Industry
Regulation and Safety

Definition of Interest:

The Building Code of Australia requires mains powered smoke alarms to be fitted in all newly constructed residential buildings and in new building work, such as alterations and extensions (where smoke alarms are required) in accordance with the building permit.

For existing dwellings, there are laws in Western Australia requiring owners to have mains-powered smoke alarms fitted to all residential properties that are subject to transfer of ownership, rent and hire, regardless of when they were built.

Affect of Interest:

The Building Regulations 2012 in Western Australia requires owners to have mains-powered smoke alarms fitted to all dwellings that are subject to transfer of ownership, rent and hire, regardless of when they were built.

The smoke alarms must:

- be installed in the dwelling in accordance with the Building Code of Australia applicable at the time of installation of the alarms;
- be not more than 10 years old and have not passed their expiry date;
- be in working order; and
- be permanently connected to the mains power supply.

Owners may be fined up to \$5,000 for non-compliance.

Refer to [Smoke alarms in dwellings for sale, rent or hire fact sheet](#) or Contact the Department of Energy, Mines, Industry Regulation and Safety on 1300 489 099 or email: be.info@demirs.wa.gov.au.

Sprinkler Restrictions & Bans

Responsible agency:

Department of Water and Environmental Regulation

Definition of Interest:

Sprinkler restrictions and/or bans apply throughout Western Australia for scheme water users and domestic garden bores.

Affect of Interest:

The selected property **is identified** as being fully or partially within in an area designated to have sprinkler restrictions.

Details are as follows:

Sprinkler Restrictions:

Region - South-West

Winter Restrictions - Stage 6

Summer Restrictions - Stage 4

Sprinkler restrictions and or bans apply to this area. Due to the drying climate, the State Government introduced water efficiency measures, including the introduction of restrictions on domestic sprinklers.

These restrictions include permanent efficiency measures, an annual winter sprinkler ban that applies to domestic sprinkler use and some non-domestic use, and can also include extra efficiency measures and restrictions from time to time such as extensions of the winter sprinkler ban period or other restrictions.

Restriction stages are detailed in the Water Agencies (Water Use) By-laws 2010. www.legislation.wa.gov.au/legislation/statutes.nsf/main_mrtitle_11731_homepage.html

Additional restrictions may also apply to specific locations. Please refer to your water service provider for more information relating to your area.

For more information please see www.water.wa.gov.au/urban-water/water-restrictions/garden-bores.

For more information contact our office on 13 10 39 or see www.water.wa.gov.au and go to the Domestic Garden Bore website page.

Swimming Pool

Responsible agency:

Department of Energy, Mines, Industry Regulation and Safety

Definition of Interest:

In Western Australia, private swimming and spa pools with water that is more than 300mm deep must have a compliant safety barrier.

Affect of Interest:

This includes above-ground, in-ground, and portable swimming and spa pools, but not spa baths which are typically located in a bathroom and drained after each use. Safety barriers must comply with the technical requirements of the Building Regulations 2012, Building Code of Australia, and Australian Standard AS 1926.1. Building and Energy has produced "[Rules for Pools and Spas](#)", a guidance document on safety barrier requirements.

Generally, a building permit is required prior to the construction, erection, assembly, placement, renovation, alteration, extension, improvement or repair of a private swimming pool.

For information on safety barrier requirements, including exclusions and exemptions that may apply in limited circumstances, contact the relevant local government or for general information on the building approvals process, contact the Department of

Water Corporation Infrastructure (above and below ground)

Responsible agency:

Water Corporation

Definition of Interest:

The Water Corporation operates vast water, sewerage and drainage pipe networks throughout WA. At any given location there may be various infrastructure in the ground of different sizes, depths, alignments and materials belonging to the Water Corporation.

Affect of Interest:

The selected property is **impacted** by Water Corporation pipes or access chambers. No construction is permitted in the proximity of this infrastructure without the consent of the Water Corporation and it should be noted that 24 hour access may be required for maintenance purposes in certain circumstances.

Sewer Infrastructure:

Infrastructure Type - Sewer Connection Point

Water and sewer services located outside the property boundaries (road reserves) are not included in this report, as this report only includes interests inside the property boundaries. However they can be viewed here, mywater.com.au/css-web-external/pub/propertySearch.

Please be aware that it is a **legislative requirement** to notify the Water Corporation of any proposed construction, alteration or demolition of a building in areas where the Corporation is the licensed provider of water, wastewater or drainage services. A person is not permitted to construct, alter or demolish a building without the prior authorisation of the Water Corporation.

For more information contact our office on 13 13 95, or see www.watercorporation.com.au/Developing-and-building.

PLEASE NOTE:

This report and the Water Corporation online property search tool is not an alternative to Dial Before You Dig.

Information about underground cable and pipe networks is available by requesting the utility maps through the Dial Before You Dig web site, www.byda.com.au or contact their call centre on 1100 during business hours, to find out about the location of underground infrastructure prior to commencing any excavation works on a property.

Waterways Conservation Act Management Areas

Responsible agency:

Definition of Interest:

Under the *Waterways Conservation Act 1976*, the Minister for Water and Department of Water and Environmental Regulation (DWER) have responsibility for the conservation of the waters and associated land in declared management areas.

4. Details of interests that **AFFECT** this property

17

Department of Water and Environmental Regulation

The Department of Water and Environmental Regulation has an approval process for certain works affecting these waterways and their foreshore areas.

Affect of Interest:

The selected property is located within a management area under the *Waterways Conservation Act 1976*.

This is within the following Department of Water and Environmental Regulation (DWER) Region:

Conservation Area Details:

Name - ALBANY WATERWAYS MANAGEMENT AREA

Act - Waterways Conservation Act

Status - Gazetted

Gazetted Date - 1.9910517E7

Other Water Management Areas - Geographe Catchment, Swan River Trust, Wilson Inlet, Avon, Peel Inlet, Leschenault Management Areas, Cockburn Sound Management Council.

Activities within or adjacent to waterways outside the Waterways Conservation Act must still comply with the requirements for protection of waterways and foreshore areas established under local government, WAPC policy and DWER Policies.

For more information contact our office on (08) 6364 7600, further information and advice can be sought the DWER's regional offices. Contact information for regional offices is available at www.water.wa.gov.au.
