Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

I have reviewed the available property sales within 2 kilometres of the subject property that have sold within the preceding 6 months.

Due to the unique nature of the subject property, there are limited recent sales that are sufficiently comparable. In particular, the property is situated on an allotment of less than 300sqm, is held on its own title with no body corporate, and benefits from its own street frontage. This combination of characteristics significantly limits the number of properties that can reasonably be considered directly comparable.

Having considered the available sales against the legislative requirements for comparable properties — including land

size, bedroom and bathroom accommodation, title and body corporate arrangements, street frontage, standard and condition, location, date of sale, age and build, neighbourhood characteristics, school zoning and other relevant property features — I reasonably believe there are fewer than three sales that meet the requirements to be considered sufficiently comparable.

Accordingly, I have determined the estimated selling price based on my professional assessment of the property, together with all relevant market and sales information available to me and current market conditions.

I believe the estimated selling price provided represents a reasonable estimate of the likely selling price of the property as at the date of this assessment.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
