Reason there are fewer than three comparable properties

☐

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

2 Talwong Crt Research & 5 Dobell Dr Eltham were used to determine the ESR and was within the six-month period at the time. It is now outside six months but remains the most comparable sales as this property is now Sold.
