Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

House is extremely unique as it has a 1 bedroom self contained cottage in the rear and the actual house and cottage are like American cottage cabins - simply no comps to compare to this ppty - only sale I did use as a guide all be it - its different was 2-3 Muir Smyth Place Mt Evelyn that sold at the start of the year around \$1,230,000 - that had a section of house that had a self contained area - and could be used as dual living - I do feel our ppty is better than this but not 100% given current market and also distance further out.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
