Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There have been very few recent sales of comparable large lifestyle properties within the Cranbourne area, making direct comparisons challenging. While 5 Coronet Court appears to have undergone renovations and improvements, it sits on a significantly smaller allotment than 54 Earlston Circuit. In addition to its substantially larger landholding, 54 Earlston Circuit offers extensive shedding, carports and additional infrastructure, further enhancing its overall appeal, functionality and value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
