Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There are 8 properties sold within the last 6 months and within 2km. These properties are either renovated, double-storey or lower in land size compared to 58 Hannan St which is unrenovated, single-level and 700m2. 24 Victoria St is the only suitable property close in land size and build but still lower in land size.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
