Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

There have been no comparable sales within 2 km in the last six months for properties of a similar type, style, and layout. With an approximate land size of 850 m² and an approximate internal area of 441 m², this property offers 6 bedrooms, 3 bathrooms, and a 2- car garage, including a granny flat, broad backyard views, and a versatile multi-room layout.

Sale outcome
