Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property is an historical property in a rural area where there are no direct comparable properties. There is a similar property at 30 Minogues Road Metcalfe East that sold for \$2,750,000 in February 2026, a smaller home yet more updated and on 80 acres compared to the subject property on 211 acres which requires some updating.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
